## How to Access DORIS Public Wi-Fi Network

Open access is available only in rooms 109, 111, 105, 101 and 103.

Access to the DORIS PUBLIC NETWORK is provided as a convenience. Illegal or illicit usage are prohibited. Violators will be disconnected from the network and will not be allowed access in the future.

These general instructions will apply to a majority of devices. **For any questions or to report any issues contact the DORIS IT Department. Do not call or email the DoITT helpdesk regarding the DORIS PUBLIC NETWORK.**
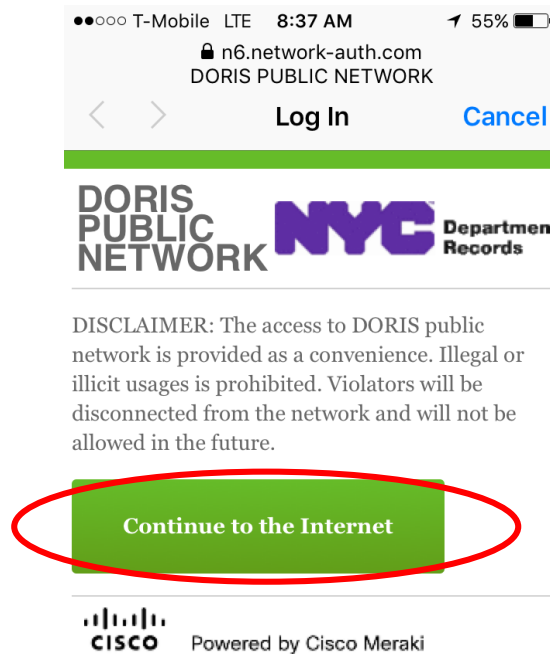

1. On your Mobile device go to settings, select Wi-Fi and then select the Wi-Fi Network **DORIS PUBLIC NETWORK**.

2. Make sure you are connected to **DORIS PUBLIC NETWORK**

3. A splash screen will come up as shown below. Click "Continue to the Internet" button on the splash screen. (Note: If this screen does not come up automatically then open the Internet browser)

4. Click "Done" on the next screen and you will be connected to the Internet. Happy Browsing!!!
